ABOUT US

WINNER CHUCK NUT was established in 1978 by ABDUL MAJEED. Expertise and continuous effort, we have developed an extensive range of rear hub bearing lock nut and fostered. WINNER CHUCK NUT manufacturing many types of rear hub bearing lock nut. We are specialists for producing all types of rear hub bearing lock nut follow O.E.M standard. Our business is well established and highly reputable, and we're in the fortunate position to be able to lead the way in our industry. Our experience and expertise sets us worlds apart from our peers. We're the leading rear hub bearing lock nut supplier for Japanese, European and Chinese heavy duty trucks such as HINO, ISUZU, UD, Volvo, Bedford, JAC, other brands.

DESCRIPTION:

A chuck nut consists of internal threading along with groves circling the circumference of the nut. As the name suggests it comprises of a chuck and nut in the structure. Chuck nut is used for fitting, to hold different parts together, etc, and provides a very firm grip. It is used because of the solid grip it provides. It helps in the precise fitting of different parts as it has a great ability to cling parts together

WINNER Brand

It is owned by Winner Chuck Nut Company .WINNER provides the most reliable and strong replacement chuck nut. The Winner Brand is a reliable brand targeted for Japanese, European and China truck in Pakistan.
